Are you the parent or caregiver of a child with Autism Spectrum Disorder (ASD) looking for applied behavior analysis (ABA)?

Researchers are doing a study to see how different behavioral programs may help your child.

**Who qualifies?**

We are looking for children with ASD between the ages of 18 months and 4 years old who are covered by TRICARE insurance.

**What will happen?**

- Your child will receive ABA interventions from professionals
- You may be offered opportunities to learn new strategies for your child
- We will ask you questions about your child, and you will be paid for filling out forms
